

DETERMINING IF YOU QUALIFY FOR MEMBERSHIP

COURSES @ BK THAT ARE INCLUDED IN CALCULATING YOUR POINTS

ENGLISH
SOCIAL SCIENCE
SCIENCE
MATH
SPANISH

A = 3
B = 1
C = 0
(no D'S or F'S)

Honor classes are worth 1 more point but you can only count two honor classes. So if you are taking 3 honors classes, you can only add an extra point to 2 of the classes, not all 3.

CLASSES THAT DON'T COUNT TOWARD YOUR POINTS

PE SUMMER CLASSES SUPPORT CLASSES

Although the other classes such as PE, SUPPORT, or SUMMER CLASSES don't count toward your points, you will not retain membership if you get anything below a C.

HOW TO CALCULATE YOUR POINTS

To calculate your points, add the points you got according to the grade in that class.

Example:

1. ENGLISH	A	3
2. SOCIAL SCIENCE	B	1
3. SCIENCE	A	3
4. MATH	A	3
5. SPANISH	B	<u>1</u>

Total 11 points.

Now count the number of classes you are counting toward the points. In the example above, the student is taking 5 classes. Your points must be equal or greater than double the number of classes.

In the example above, the student is taking 5 classes.

$$5 \times 2 = 10$$

The student earned 11 points. 11 points is greater than 10, so this student qualifies for membership.

Now let's look at a student who is taking 4 honor classes.

1. H. ENGLISH	A	3	+ 1 =	4
2. H. SOCIAL SCIENCE	B	1	+ 1 =	2
3. SCIENCE	A	3		3
4. H. MATH	A	3		3
5. H. SPANISH	B	<u>1</u>		<u>1</u>

TOTAL 13

Notice that even though the student has taken 4 Honors classes, the student only received 2 extra points. That is the maximum you can receive no matter how many honors classes you take.

THE STUDENT TOOK 5 CLASSES – $5 \times 2 = 10$

STUDENT EARNED 13 POINTS – 13 is greater than 10, therefore this student qualifies for membership.

Use the formula below to figure out your points.

Classes	Grade	Points	Honor Point	Total
1.				
2.
